Cast Urethane Production Technician Winnipeg, Manitoba

We are a growing, 21 year old company, with five locations across Canada. We attribute our continued success to the commitment of our people and the high quality of our products and service. We are looking for an enthusiastic, team oriented Production Technicians for our newly acquired Cast Urethane Molding facility in Winnipeg.

The Cast Urethane Production Technician will be responsible for mixing liquid materials, pouring into and removing product from molds, maintaining product specifications by weighing and inspecting pieces for defects. The ideal candidate is punctual, motivated, and organized with a strong work ethic. This person will be able to operate basic shop tools, digital scales, have a basic knowledge of hardware, minimize waste and follow instructions, schedules, and meet deadlines.

You must possess a grade twelve high school diploma with experience in a production / manufacturing environment.

We offer a competitive compensation package with excellent benefits!

Interested applicants should submit their application to:
