

Urethane U-Cups

Imperial Seals

Material:	Temp. Range
Urethane	-54°C to 105°C

Rod (RO)
Standard Lip (STD)

Rod (RO)
Double Lip (DL)

Symmetrical (SY)

Piston (PI)

Product Description:

The urethane U-cup design provides an excellent heavy duty seal for either piston or rod applications. Urethane U-cups work well in both static and dynamic applications.

Symmetrical, rod and piston styles are available in a range of sizes. The non-symmetric styles provide the added benefits of: reduced seal movement, added stability in static applications and protection of the dynamic lip during installation. The rod style provides improved sealability on the I.D., well the piston style provides improved sealability on the O.D.
