

CNC Machinist

Newmarket, ON

Do you take pride in products you manufacture? Are you considered a very organized person? Do you thrive in a collaborative environment?

Founded in Edmonton, Alberta in 1990, Hi-Tech Seals is a leading Canadian seal, gasket, rubber and plastic component distribution and manufacturing company with a longstanding commitment to customer service. Our employees work closely with customers to find the best solution for their sealing needs. We offer an extensive line up of seals and seal related products along with custom manufacturing capabilities to meet our customer's needs. Over 30 years in business, we have grown to multiple locations across Canada and the US. We take pride in providing superior customer service and products that go beyond our customer's expectations.

We are looking for a full time CNC Machinist to join our Newmarket based team. The successful candidate will be expected to do the following:

- Program CNC machines in accordance with product specifications
- Apply troubleshooting CNC software issues to ensure production targets are met
- Manufacture parts in accordance with specification
- Trim, deburr and split seals to specifications
- Perform routing daily maintenance on machines and equipment
- Develop processes/procedures that are aligned with organisational strategic goals in collaboration with the Production Manager

Our ideal candidate will have the following qualifications and characteristics:

- Minimum high school diploma, preference being given to candidates who have previously taken a machining course.
- Experience operating Haas CNC machines
- Machining experience is essential with preference being given to those who have worked in an ISO environment
- Experience with plastics and rubber/seal machining
- Familiarity with manual lathes, CNC lathes and tools used for these machines.
- Efficient with all types of measuring instruments
- Advanced mathematical skills
- Strong and confident communication skills in English
- Solid problem-solving skills
- A keen eye for detail
- Great organizational skills
- Strong work ethic with positive energy and a can do attitude
- Ability to lift up to 50 lbs
- A willingness to learn and grow

What you get out of this deal:

- A great career with a longstanding successful company
- A competitive salary
- A strong benefit plan with flexibility
- An RSP plan with employer matching contributions
- Extensive in-house training
- Supported external training
- The chance to work with a strong and driven team
