Product Description

Isolation kits provide near-zero leakage while protecting a flange against corrosion caused by the transfer of electricity. Isolation gaskets are manufactured in accordance with ANSI B16.5 specifications for sizes up to 24". Kits are available with a Trojan® high-performance gasket, isolating sleeves, washers, or one-piece sleeve-washer units.

Part Numbers:

Example: APS 10000 900 F TRO V SW K – Trojan® Isolation Kit, 10.000 Nom. Pipe Size, Class 900#, Raised Face Gasket, Trojan® with a Viton™ Sealing Element, Single Washer Set, and Sleeves
